

About this Book

*Main idea, analogies, cause & effect, inferences, drawing conclusions...
when you need to target specific reading skills this book is for you!*

With this new book you won't have to waste time searching through stories and activities to find one that targets the specific skills you need to include in your lesson plan. We've done the work for you!

This easy-to-use book features short, high-interest stories followed by comprehension activities that target specific reading skills – one skill at a time. To help you meet reading standards, there's even a quick reference chart that links **18 different reading skills** to their accompanying stories! For example, if you need to work on finding the main idea, simply look up main idea on the reference chart and it will direct you to specific lessons that focus on that specific skill. This terrific timesaver is sure to make lesson planning easier while ensuring that your students are working on the skills they need to master.
